Community Service/New Members – Debbie Blackwood

Hands On Science – Judi Campbell, Juli Gahn, Debbie Green and Diane Fishman

Work with 4th and 5th grade students performing hands-on physical and biological science experiments; ongoing bimonthly program, flexible schedule. This educational and fun program benefits the whole school – you don't need a 4th or 5th grader or any science background/experience to help! Please consider volunteering - spouses, grandparents, etc. are encouraged to come too.

Library – Rachael Kusseyan, Linda Baker, Pam Ferworn

Assist in the library (preferably 2 hour blocks once per week). Help students choose books, research, check-in and check-out and keep the library shelves stocked and organized. Great way to see the kids!

Lunch Room Mealtime Helpers – Shannon Saegert

Thursdays only! Come during a time that your child is having lunch and help us monitor the lunch room while your child's teacher has the opportunity to have lunch with her team. This is a HUGE help and is only a once per month commitment. **Choose from 11:00-12:00 or 12:00-1:00.**

School Store – Susi Hagedorn

School Store is held in the Math/Science lab approximately twice per month on Wednesday mornings before school. Help sell items and keep order. This is a great chance for working parents to help out and meet other parents.

Staff Appreciation – Kay Kiker and Wendy Lawlis

Prepare treats for staff throughout the year to thank them for their hard work.

Other ways to help: Take digital pictures for the **Yearbook** and send to Kathy Suerth and Danielle Mathews; become a **Room Parent** – contact Bridget Williams and Lori Wensel if you haven't already signed up. Also, does your company or your spouse's company **match funds for volunteer hours**? We can help you file the necessary paperwork! Company name: _____
